## ANOTHER MILESTONE REACHED

Since her beginning, the Seymour church of Christ, has received financial support from the Nashville Road congregation in Nashville and the Portland, TN congregation,

It has long been the congregation's goal to become self-supporting. To that end, the amount received each month has been lessened over the years.

As of the beginning of 2023, the Seymour congregation has reached that goal and will no longer receive funds from the congregations mentioned above. Both of these congregations, however, have said that they would help us again if that were to become necessary.

The picture is the last check we received back in December. Yes, we have reached another milestone. God continues to bless us, and we are grateful.

This last check means two things. First, it means that the Nashville Road and Portland congregations can now direct those funds to other works.

Second, it also means that we now have the responsibility to carry the full financial responsibility for the work we do at Seymour. I encourage all of us, at the beginning of this new year, to think seriously about the amount we give each Lord's Day.
